SUMMARY

Web Developer, building responsive web applications and dynamic user interfaces. I enjoy working in teams and solo environments.

SKILLS

TypeScript, JavaScript, React JS, CSS3, HTML5, Express, Git, GitHub, Node, MongoDB, Postman, IDE: VS Code

PROJECTS

Cocktail Helper

[View Project](#)

React JS | React Router | CSS | 3rd Party APIs - Axios | Git

- Worked on current Router URL management and the fetching of different API responses throughout multiple components.
- With the use of a 3rd party API - Cocktail Helper gives its user a display of drinks and the ability to retrieve a randomized option, which carries information of whichever cocktails they would like to know more about.

Crypto Tracker

[View Project](#)

React JS | HTML | CSS | 3rd Party APIs - Axios | TypeScript | Git

- Using a 3rd party API - Crypto Tracker was built to allow users to retrieve information, such as the market cap and market volume, from a wide range of cryptocurrency.
- A TypeScript structured project implemented with React JS for better code practices and management.

MERN Stack Authorization Authentication app

[View Project](#)

React JS | React Router | CSS | MongoDB | MUI | API -Axios | Redux | Heroku | Git | Express | Node

- Full stack application, built with the MERN stack. This application allows the user to create an account, which is authenticated using tokens and then authorized if all standards are met. Returning users will need to login to return to their previous page.

Project Manager

[View Project](#)

GraphQL | ReactJS | Apollo | MongoDB | Express | Heroku | CSS | Git

- Application was built to demonstrate a capable project manager application. Bringing the functionality of adding clients and projects with the ability to connect the two to one another..

LA Exotic Rides

[View Project](#)

React JS | React Router | CSS | Git

- Photo Library. Using React and CSS, a web app focused for car enthusiasts inside of Los Angeles.. This project is handled through React Hooks, React Routers, and Promises.

EDUCATION

- California State University, Northridge | B.A., 2020
